Work Experience

Web Developer Intern

01/2025 - 05/2025

FamilySearch | Lehi, UT

- Developed dynamic, interactive features in a large-scale React codebase, collaborating closely with UX designers and software developers to implement end-to-end solutions.
- Led accessibility efforts by auditing team pages for WCAG compliance, identifying issues, and implementing fixes to ensure inclusive design.
- Strengthened code quality by writing comprehensive Jest unit tests and contributing to CI/CD pipeline processes.

Software Engineer Intern

09/2023 - 05/2024

Wildcat MicroFund & Sunridge HOA | Ogden, UT

- Contributed to two live, full-stack web applications supporting real-world clients and developing features including ERD diagrams, C# models, database seeding, and responsive UI using Razor Pages and Bootstrap.
- At Wildcat MicroFund, I focused on late-stage development by fixing bugs, enhancing usability, and integrating APIs to improve site functionality.
- At Sunridge HOA, I served as Project Manager for a team of 4 interns, using Jira to manage tasks and timelines while acting as co-liaison between client and development team.

Lead Code Instructor/Sensei

05/2022 - 09/2024

Code Ninjas | Ogden, UT

- Taught students ages 5-17 a wide range of technical skills, including programming in JavaScript, Lua, and C#.
- Directed summer camps, instructing students in 3D modeling/printing, HTML/CSS, Scratch, and Minecraft coding.
- Trained and mentored new instructors to ensure high-quality teaching standards.

Education

Weber State University

08/2018 - 04/2025

Bachelor of Science in Computer Science, Minor in Web Development

- Graduated magna cum laude with a 3.88 GPA.
- Awarded a Certificate of Proficiency in Programming Essentials for achieving top marks in core courses, including Data Structures & Algorithms, HTML/CSS, and more.
- Competed on the university's Rocket League esports team.
